M. E. MANNING, Conservative Candidate for Bow River.

A farm boy, who by dint of hard work, put himself through university and won several scholarships for outstanding merit will carry the Conservative banner in Bow River riding during the forthcoming federal election.

He is M. E. Manning, young Calgary Barrister, who was raised on a farm in the Delburne district, won a scholarship that allowed him to study in Europe and has been nominated to carry the Conservative banner in what promises to be one of the most important elections in the history of the Dominion.

Young Manning was raised in a farming community and spent his early school years at Delburne where his father still farms. In 1922 he came to Calgary to take Grade 12. Although but 16 years of age he was a brilliant student and succeeded in winning an R. B. Bennett scholarship. The youth then attended normal school at Camrose and then taught school for three years, saving his money to put him self through the University of Alberta, where he was president of the Students' Union. He graduated in 1930 with his B.A. and first class honors in history. In 1932 he was awarded an overseas scholarship and attended the School of International Politics at Geneva. In 1933 he was awarded his LL.B. from the University of Alberta. He also was a member of the University teaching staff for one year.

Mr. Manning is now engaged in the practice of law in Calgary, being associated with the firm of Scott and Milvain.

He is well versed in political matters and has been closely allied with the Conservative movement for many years.

Speaking at a recent meeting in Calgary Dr. G. D. Sander, former Conservative M.P., told a large audience when introducing Mr. Manning. "He was not born with a silver spoon in his mouth. Every step of his education and ambition was won through hard work."

## Tourists Seeking Information

Alberta's carefully planned advertising campaign in U. S., which opened early this month, is bringing in results already. Commencing about one week after the first advertisements appeared, applications for tourist information are growing in number daily. They come from all parts of the Union, and are a pointer to bigger and better business in the forthcoming season.

## The Dutch Army Displays Its Mobility

Shaping her defence strategy to gain the utmost advantage of her physical characteristics, Holland trains her soldiers to make use of her waterways and her water. Even winter's ice serves them. The Dutch are a nation of skaters, and Dutch troops on skates dash about on canals and flooded areas with the speed of cavalry. These three are not staging a hand-to-hand race; they are taking part in manoeuvres using a machine gun.

## MADDEN NEWS

D. E. Vadden is a business visitor in Crossfield today.

Honoring Miss Margaret Priest, who left for the coast on Tuesday last, a surprise party gathered at the home of Mr. and Mrs. T. Priest prior to her departure. A very pleasant time was spent in games and music. During the evening, Mr. Charlie Walcott expressed the good wishes of those assembled for a safe journey, with the hope that she will soon return, and Miss Priest was presented with an overnight case. After a nice supper, they formed a circle around the guest of honor and sang "For She's a Jolly Good Fellow".

## Highways To Be Officially Opened

Opening of the new motor road between Jasper and Banff is scheduled for July 1st, it was announced in the Alberta Travel Bureau this week. On June 29th the Big Bend road between Golden and Revelstoke will be officially opened by Hon. Mr. Cramer, Federal Mines and Resources Minister. This latter road of approximately 200 miles, will form a connecting link in the Trans Canada Highway, and will make a direct motor route from Banff to Vancouver.

This will be thrown open a twin attraction which will do a great deal to encourage visitors to Alberta. Opening of the Mountain Skyway itself is expected to attract large numbers of outside visitors, and eaters to this class of customers are advised to lay plans for the biggest year yet.

In the finals at Olds last Thursday night, C. Becker won out against J. Hesketh, 14-7, to capture the prize in the Grand Challenge event.

Mr. and Mrs. Austin Whillans of Vancouver, who have been visiting the latter's mother in Calgary, are guests at the home of Mr. Whillans' parents, Dr. and Mrs. D. Whillans, here.

Myron Emerson, son of Mr. and Mrs. W. R. Emerson, who was in a Calgary hospital with pneumonia, returned home this week. He spent a few days convalescing at the Fitzpatrick home while his brother Louis was recovering from an attack of flu.

The curling game left over from the Disbursing boaspel, between Mrs. McMillan's and Miss Murdoch's rinks, was played off on local ice last Tuesday, ending in a win for Miss Murdoch's rink 8-5.

Honoring Miss Olea Bills, bride elect of early March, Mrs. G. R. Wickerson, assisted by her daughter Margaret, was hostess at a miscellaneous shower at her home on Saturday, February 24th. Little Anna Ruddy presented the gifts in a prettily decorated doll carriage.

Two rinks, ladies vs. men, played a friendly game this afternoon for the turkey supper. At the 11th end it was tied 6 all and playing an extra end the count of one was made by the men, so it's up to the ladies to provide the supper. The personnel of the rinks follow, skip, third, second and lead respectively: Miss M. Murdoch, Miss I. Hesketh, Mrs. Devins and Miss A. Cameron; George Lim, Fred Heywood, Gene Jones and Frank Moon.

After a couple of weeks of the coldest weather of the winter, with temperatures ranging from around zero to 20 below, today brought a welcome change when it became considerably milder. It is above the freezing mark this afternoon. Fortunately there was practically no drifting of the snow which fell during the cold snap.

## LOCALS

Mr. C. H. McMillan is taking a rink to Calgary on Saturday to play in the invitation 'spiel of the Glencoe Club.

While returning home from school Wednesday afternoon, Gordon Reeves stopped to play on a snowplow near Mel. Patmore's. Gordon was about to jump off when he slipped and fell, fracturing his arm near the elbow. He was taken to Dr. Whillans who set the arm.

Following skating, they gathered in the church parlor for a bean supper, games and a sing song. Though it was a cold night, there were about 15 present from Carstairs and 20 from Airdrie.

## The Joy of Living

If nobody smiled and nobody cheered,  
And nobody helped us along,  
If each, every minute, looked after himself,  
And the good things all went to the strong,

If nobody cared just a little for you,  
And nobody cared for me;  
And we all stood alone, in the battle of life,  
What a dreary old world it would be,

Life is sweet just because of the friends we have made,  
And the things which in common we share;

We want to live on, not because of ourselves,  
But because of the people who care.

It's giving and doing for somebody else—  
On that all life's splendor depends.

And the joy of the world, when we've summed it all up,  
Is found in the making of friends.

## C. D. S.

While preparations are going ahead for the play, "Aunt Tillie Goes to Town", may we quote a few words by the author, Mr. Wilbur Beaun, who wrote the play especially for the Samuel French Publishing Co., the largest play publishers in the world.

"The boys and girls who act in various amateur groups want fun, clean wholesome fun. They want to romp through scenes and have a good time themselves while they entertain and amuse their families and friends. I never write problem plays for amateur groups; they simply do not want them. That is why in this, my latest play, I have tried to write it in a gay, modern spirit, and 'Aunt Tillie Goes to Town' is my favorite among all the farces which I have written."

And since Mr. Braun has authored almost a hundred plays he should know whereof he speaks. Watch for the date tickets go on sale, for a grand evening it is assured. Take a tip from the wise and don't miss it.

## WEDDING Walker-Weiss

A quiet wedding of wide interest was solemnized in Calgary on Wednesday, February 14, when Sally, youngest daughter of Mr. and Mrs. C. Weiss of Medicine Hat, became the bride of Mr. William Walker, eldest son of Mr. and Mrs. S. Walker of Crossfield. The Rev. R. Brown performed the ceremony.

## ALBERTA IN THE SPOTLIGHT

As we proceed towards election day, two of them in fact, we hear little about the Dominion election; it is all Alberta. Well, perhaps things have developed enough now to give the taxpayers something to think about. In any case, Alberta has lined up for the fight a splendid lot of Independent candidates. They are, as you would say, a hand picked bunch, and they carry the support of nearly every citizen in their respective constituencies, which means that when the smoke of election has cleared away, we are going to have the opportunity of extending congratulations to a lot of these fellows.

A record enumeration of voters is expected by officials for the provincial vote on March 21, and 400,000 names is given as a reasonable estimate. Total for 1935 was 378,249 names. Supplies for returning officers are being forwarded immediately by R. A. Anderson, Chief Electoral Officer for the Province. Returning officers will post proclamations and data on pollin subdivisions by Saturday, March 2nd. Enumerators will hold sittings Tuesday, March 19, to consider applications of voters' list which will have been posted on March 9.

Regina: Another note of Canadian unity was struck recently in the Saskatchewan Legislature when a resolution calling for an interim payment of 10 cents a bushel on wheat delivered to the Wheat Board was adopted. It put into effect, this would amount to a pegged price of ninety cents for wheat sold through the Board. The Legislature also voted unanimously in favor of a wheat bonus to be paid from a levy on grain trade and elevator companies.

**Plant CANADIAN CERTIFIED SEED**

MAKE plant early this year to harvest a bumper crop of smooth, clean, high-quality potatoes. Good seed is the first requirement for an excellent crop... because only good seed will grow vigorous plants, plants that can withstand most of the serious diseases common to potatoes.

Canadian Certified Seed Potatoes are good seed potatoes. By planting them, many of the losses due to disease will be avoided... higher-quality, cleaner, smoother, more uniform potatoes than those grown from ordinary seed stock will be produced.

So, this season, harvest finer potatoes—end more of them. Plant Canadian Certified Seed. Grow potatoes that will grade Canada No. 1. Canadian Certified Seed Potatoes are available in all standard varieties. Be sure to select the variety most suitable for your locality! Ask the local District Government Inspector, Plant Protection Division, for full information and list of nearest distributors.

# Public Debt Has Been Increased

In 'The Records Tell the Story' the Government says—  
"The Social Credit regime has reduced the Public Alberta debt". And quotes \$3,000,000 as the amount reduced.

How could public debt have been reduced when the government has defaulted on every bond that has come due since taking office, and since there has been no refunding?

Before giving the facts about the Public Debt it should be said that when a debtor ignores any part of his legal debt which he desires to ignore he can make up his account to show any degree of reduction he desires, or he may make his account balance by leaving out all his legal debts. This is the method followed by the Aberhart government. By defaulting interest payments of \$9,100,000 he tries to persuade the people that the interest has been paid, while two courts have already decided that the \$9,100,000 is a legal commitment. Therefore public debt has been increased by that \$9,100,000 of unpaid interest.

## Actual Debt Position of Alberta

Mix dry ingredients and moisten with the sour milk in which the soda has been dissolved. Roll paste out as for cookies and place a layer in bottom of buttered cake pan. Spread with raisin filling and place another layer of paste on top. Cook together and cool. Make the filling as you would an ordinary raisin filling for pie, only quite thick. This makes a cake about 8x16 inches.

## Lemon Egg Nog

(Serves 4)  
1 egg, 2 tablespoons lemon juice  
2 tablespoons sugar, Milk (fresh or evaporated)  
Grated lemon rind

Beat egg yolk with lemon juice and 1 tablespoon sugar. Pour into a tall glass. Beat egg white very stiff with 1 tablespoon sugar. Fold three-fourths of egg white into egg yolk mixture. Add milk to almost fill glass and stir well with a spoon. Top drink with remainder of beaten egg white. Grate a bit of lemon rind onto this. Serve at once.

To sugar doughnuts, put a little sugar in a paper sack and shake the doughnuts in this.

When washing wool, leather or chamois, add a little glycerine to a lukewarm suds of a mild soap.

To remove hot pies from the oven without burning your arms, purchase a small fire shovel and pound down the turned up edges on both sides. This will slip underneath a pie plate and the handle is strong enough to bear its weight.

If you are unfortunate enough to rip a cloth suit, find a small piece of material—matching if possible—and moisten it with liquid glue. Place it, gummed side up, under the tear. Smooth down the frayed

edges with your fingers and place a cold iron or some other heavy weight on top for an hour. When the mend is dry, you'll have a hard job to find the tear in order to show your friends where it used to be and now isn't!

The secretary of the club wrote: "I have been instructed to inform you that we discussed making you an honorary member of our Liars' Club, but we voted it down after one man made a speech. He said you were a one-man liars' club yourself, and therefore we ruled that you were a club instead of a man. ## HINTS FOR SWINE PRODUCERS

The farrowing season is rapidly approaching. In order to protect the health of the young pigs and save as large a percentage of those born as possible, the following precautions are suggested:

### (a) The Brood Sow

1. House the brood sow in dry quarters free from draughts.

2. Besides the grain ration, some alfalfa hay or green oat bundles are recommended.

3. A mineral mixture composed of coal 76 lbs; salt 20 lbs; ground limestone 3 lbs; and iron sulphate 1 lb., should be available to the sow at all times.

4. To prevent hairlessness and weakness in young pigs, the pregnant sow needs potassium iodide 2 oz. of potassium iodide mixed in 1 gallon of water and fed in the feed at the rate of 1 tablespoon per sow per day is suggested.

5. At farrowing time, place the sow in a clean pen with a guard rail to prevent her lying on the young pigs.

6. The sow should not be fed for 24 hours after farrowing. Give her lukewarm water or milk and gradually bring her back to the full

grain ration.

### (b) Young Pigs

1 Pigs born between October and May should receive reduced iron to prevent anaemia. On the 7th and 14th days after birth, place well back on the tongue of each piglet about half as much reduced iron as will lie on a ten cent piece.

2 When piglets begin to eat at 2 or 3 week of age, they should have their own trough inside a "creep".

3 A good ration for weanling pigs consists of ground sifted oats 200 lbs., ground barley 200 lbs.

4 Skim milk or tankage is necessary. If tankage is fed, 10 lbs for every 100 lbs. of grain is satisfactory.

A new circular on "Prevention of Anaemia in Suckling Pigs" can be obtained by writing the Agricultural Extension Service, Department of Agriculture, Edmonton.

Look at the label on your paper. It tells when your subscription is paid up to.

## The World of Wheat

By H. G. L. Strange

During every war that has been fought in the past, some inflation of money has taken place. This inflation has resulted in rising prices. In past wars, the prices of raw materials and wholesale commodities has risen faster than retail prices.

Apparently the same thing is happening in this war, for the price of wheat since September 1st has risen by 30% whereas during the same period the prices of the things farmers have to buy have only risen on their average by 3%. If these advances keep up in anything like the same proportion, the purchasing power of a bushel of wheat and of other farm products will be back to that which they enjoyed in 1913-1914, and our farmers then would be moderately well off.

At the present moment, however, the purchasing power of a bushel of wheat is still only 72 per cent of what it was in 1913-1914, so that a further advance of the prices received for the products farmers sell, in comparison with the prices of the things they have to buy for living and production, will be welcome, and still only fair and equitable.

Following factors have tended to raise price:- Canadian wheat and flour exports from August 1st

to date exceed exports from any other country — Extreme cold in Europe is hindering shipping — Argentine wheat crop estimate reduced to 118 million bushels — Foodstuffs are scarce in Korea, Manchukuo, and in northern China — Winter wheat prospects are unfavorable in Southern Spain.

Following factors have tended to lower price: Argentine corn crop receives very beneficial rains — Reports from North Africa indicate acreage to wheat has been increased — Record wheat crop of 31,304,000 bushels in Sweden — Number of lambs available for export from New Zealand will far exceed that of any other season.

Re: Sleeping sickness in horses (Encephalomyelitis)  
Veterinary authorities believe that wide-spread vaccination two years in succession is the best means of creating immunity and preventing a virulent outbreak of the disease. The Dept. of Agriculture, Gov. of Alberta strongly recommends the vaccination of horses again this year.

IN ORDER THAT WE MAY HAVE SOME IDEA AS TO THE QUANTITY THAT WILL BE REQUIRED FOR THIS SEASON, WE WOULD GREATLY APPRECIATE IT IF YOU WILL PLACE YOUR ORDERS FOR VACCINE AS SOON AS POSSIBLE.

A fat lady stepped on the scales not knowing they were out of order and put in her penny. The needle went up to 75 pounds and stopped.

An inebriated gentleman, who was watching intently, staggered "My gosh!" he said, "she's hollow."

Daughter: "Mother, I think I will try raising chickens."

Mother: "Try owls. Their hours will suit you better."

John, who was visiting in distant city, received a telegram from his wife reading, "John, remember you are a married man."

His answer read: "Telegram received too late."

An old gentleman approaching a gaily attired negro at an elaborate dark-town wedding.

"Pardon me, suh" said the old pappy, "is you de bridegroom?"

The young buck shook his head dolefully. "No, suh" he replied, "I wuz eliminated in de semi-final."

Pte Smith sighted his rifle and fired. "Bull", signalled the marksmen.

The other nine shots missed the target and the sergeant demanded an explanation.

"Well they must all have gone through the same hole," Pte. Smith replied.
